Reinsurance Law

John S. Diaconis
Douglas W. Hammond

In this release, the authors expand and update your treatise to keep you informed about developments in reinsurance law. Highlights of the release include:

Completely revised Chapter 6, Arbitration, examines, among other things, enjoining an arbitration and consolidating an arbitration ($6:5.1), selecting an umpire ($6:6.3), quashing or modifying a subpoena ($6:8.4), and how the preclusive effect of a prior arbitration award pending between an insurance company and reinsurers is a matter for an arbitrator (not a court) to decide ($6:9.1).

In addition, the Index and Table of Authorities have been updated to reflect the revisions found in Release #9.

PLI is proud to publish this practical, concise, and easy-to-use guide to the basics of reinsurance law. If you have any questions or comments, please contact us (see “Questions About This Book?” on the page following the title page).
