

Staying current is easier than ever with **Search Alerts** on **PLI PLUS**

PLI offers **Search Alerts** on PLI PLUS so that lawyers, librarians, and legal professionals can stay up to date on legal developments. As part of your PLI PLUS subscription, you can set up an alert and receive an email notification when new content is published by PLI Press on whatever topic you choose.

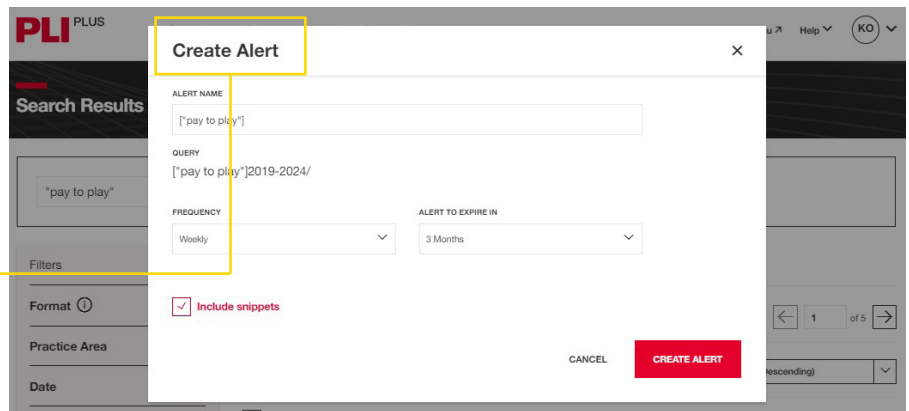

These alerts are available to all PLI PLUS subscribers for any search you run. We save you the step of having to refresh your research — instead, you will find an email in your inbox when new and relevant content is published.

SETTING UP SEARCH ALERTS

After you've conducted a search, choose the **bell icon** within the Document Management tools immediately above the search results on the screen.

Clicking on the bell icon allows you to create an **Alert**. Here, you can customize several features for your alert, such as the name of your alert, whether or not you'd like to include snippets, how often you'd like to receive updates, and when you'd like the alert to expire.

Once you click **Create Alert**, a confirmation window will appear and you're all set! You'll begin to receive Search Alert emails when new content that matches your search criteria is added to PLUS.
